

Greenfield Senior Living safe & sanitized

The health and safety of senior living residents is in your hands.

Senior Care can be ground zero for infectious spread of Coronavirus, Flu, and Norovirus. These fast spreading pathogens take hold in your residents, staff, and visitors. These are real concerns that can cripple your ability to sustain your operation. Everyone is at risk, and the seniors you care for are the most susceptible. Now you have an opportunity to protect and coat every surface, everyday, in every area without outrageous costs, or harmful toxins.

As an outbreak occurs in your areas or even inside your community you can produce green agents onsite without limit that can provide a protective shield over and throughout your entire facility. The harmless nature of this solution allows you to spray daily, spray generously, and provide limitless solution for your teams, residents, families, and to create a new level of security never before possible.

“People come in to tour our facility, and they say, ‘Wow, nobody’s sick!’”

Dr. Jeremy S. Leach, Ph.D.
Vice President, **Greenfield Senior Living**

Viking Pure offers an innovation to assisted living industry norms. Through the use of our nontoxic cleaning and sanitizing solutions, our clients can:

- Deep clean and fog in minutes so that you can apply daily or even multiple times a day.
- Streamline all of your products into one simple and cost effective solution. Easy to use, simple to understand, and proven effective.
- Reduce and even eliminate Coronavirus, Flu, Norovirus, and other harmful pathogens.
- So safe you can even spray clothing, furniture, wall hangings, and so much more. Non-toxic & 80x more powerful than bleach.
- Hospital grade disinfection, professional fogging, and a green certification for safety.
- Give peace of mind to your teams, families, residents, and Health Professionals.
- Provide a powerful point of difference that will have consumers choosing you.
- Quick, Simple, & Highly Effective.
- Reduce your staff application time, reduce costs, and bring confidence to your campus. The generator makes all solutions on-site eliminating supply chain concerns and price gouging.

Your residents, families, teams, and partners deserve the peace of mind that comes with knowing that every surface, every inch is clean, disinfected, and safe. This revolutionary tested and approved product will add a new level of sanitation and protection that will bring peace of mind to all. Viking Pure Solutions is different, patented, and proven.
